## UNITED STATES CONSUL,

*Manchester.*

*Dear Sir,*

*As Friends and Neighbours*
*amongst whom you have lived*
*during the last seven years, we*

have heard with unfeigned regret of your impending departure, and are unwilling that you should leave England without our bearing testimony to the high character you have maintained, and the valuable public services you have rendered as a resident of this District. The faithful, efficient, and courteous manner in which you have discharged the duties of your Consulate has received fitting acknowledgment from the Press, and from the Chief Magistrate and leading Citizens of Manchester. We congratulate you on the position you have attained in the esteem and confidence of the general public, and on the cordiality with which you are regarded by all who enjoy the privilege of knowing you. Possessing a rare combination of strength and gentleness, geniality and earnestness, you have made "troops of friends," and, what is even more important, you have exerted a beneficial influence upon many - especially the young men, with whom you have been brought into contact.

Your true manliness, and sterling character,

your unfailing kindness and courtesy, and your social virtues, have made you a welcome guest in every circle, and many pleasant memories will long be associated with your name. With wide sympathies, a generous heart, and a hand of brotherly fellowship for Christians of every branch of the Church Catholic, you have been at all times ready to help forward the work of our Educational, Religious and Philanthropic institutions, and therefore we cannot but regard your removal as a distinct loss to the higher interests of the District.

In all your efforts to promote good will and Christian brotherhood, and to secure true social progress, you have enjoyed the invaluable co-operation of Mrs. Shaw, who has won golden opinions from all by her genuine kindness of heart, and her many womanly graces. With this Address to yourself, we ask you to accept on her behalf the accompanying present, that you both may be often reminded in your Western home of your residence here, which, we believe, has helped to promote those

*feelings of mutual respect and attachment that should ever unite Englishmen and Americans.*
